

## The 27<sup>th</sup> International KOGO Annual Conference

# Genomics: A New Path toward Convergence of Biology and Medicine

September 5–7, 2018

Sejong Convention Center, Sejong University, Seoul, Korea

Academic Session: Hall A, Hall B  
Booth Exhibition & Poster Session: Hall C

Abstract Submission: July 2 – July 25, 2018  
Early Registration: July 2 – July 25, 2018

## Plenary Lectures

**Andy Futreal, Ph.D.**

MD Anderson Cancer Center

Human Cancer Heterogeneity:  
Challenges and Opportunities for  
Clinical Impact

**Jerry Workman, Ph.D.**

Stowers Institute for Medical Research

Histone H3 T11 Phosphorylation by Sch9  
and CK2 Regulates Lifespan by Controlling  
the Nutritional Stress Response

**Seishi Ogawa, M.D., Ph.D.**

Kyoto University

Immune Evasion of Malignant  
Lymphomas via 3'-UTR Disruption of  
PD-L1/PD-L2

## Symposia

- Genomic Mutation
- Evolutionary Genomics
- Medical Genomics I & II
- Plant Genomics
- Genome Editing
- Chemical Genomics
- Functional Genomics
- Genome Technology
- Clinical Cancer Genomics
- Microbial Genomics
- Cancer Genomics
- Bioinformatics & Systems Biology
- Proteogenomics

## Unbong Kang Hyen Sam Award Lecture

## Event

- Clinical Application of Plasma Sequencing (GC Genome)
